Waterfall via ferrata St. Anton im Montafon

🕒 Freitag 0:00 o'clock

Between thunderous waterfalls

The via ferrata Wasserfall is located just above the centre of St. Anton in Montafon. Although this via ferrata is considered easy to reach, it should not be underestimated. There are easy sections (difficulty level B/C) as well as two vertical and exposed key sections (difficulty level C/D) on the via ferrata. An emergency exit is not possible.

The highlights are two suspension bridges over thundering waterfalls, fantastic views and a vertical rock face. Adequate arm strength, a head for heights and via ferrata skills are essential!
