MOUNTAIN RESTAURANT

Großartige Sonnenterrasse mit fantastischem Blick auf über 200 Gipfel.

At “S’Pfennili”, we serve specialties in the pan, just like in the good old days: countless varieties of rösti and spätzle invite you to indulge yourself. Back then, families in the Montafon valley always ate straight out of the pan. We have drawn our inspiration from that quaint and pleasant way of eating. And, of course, all of the best-known classics are available.
