

Museum Frühmesshaus

MUSEUM

Einzigartiger Panoramablick über das Tal, hier liegen auch die historischen Wurzeln der Montafoner Siedlungsgeschichte.

Detailed description

The Frühmesshaus (the early morning preacher was called "Fruehmesser") in Bartholomäberg has existed since 1657. The special feature is its location with the unique panoramic view over the valley. This is where the roots of the Montafon settlement history lie. Early Baroque building and furniture, changing exhibitions and special exhibitions on the Montafon and the local community of Bartholomäberg.
