Waterfall via ferrata in St. Anton im Montafon

🕒 Freitag 13:45 o'clock

The Wasserfall via ferrata is located just above the center of St. Anton im Montafon. Although this via ferrata is considered easy to access, it should not be underestimated. There are easy sections (difficulty level B/C) as well as two vertical and exposed key sections (difficulty level C/D) in the via ferrata. There is no emergency exit. The highlights are two suspension bridges over thundering waterfalls, fantastic views, and a vertical rock face. Appropriate arm strength, a head for heights, and knowledge of via ferrata climbing are essential!
